Gel Hand Sanitizer

Bright Science is an advanced germ-killing hand sanitizer that quickly and effectively eliminates 99.99% of dangerous germs and bacteria. When there's no soap and water, the CDC recommends the antimicrobial power of a 70% alcohol-based formula to eliminate germs on the spot. Bright Science is a specially formulated moisturizing gel that absorbs quickly without drying hands.

IT'S SMART CHEMISTRY.

- 70% ethanol for proven protection against 99.99% of germs and bacteria
- FDA registered formula
- No sticky residue
- Fresh citrus-scented gel
- Convenient, easy-to-use pump design (for the pump bottles sizes)
- Contains skin-soothing moisturizers
- Made in the USA
